

This is to certify that

Mr. Mohamad Hussein

of

GRL Engineers, Inc.

Has achieved the following level:

**PDA Signatory - Expert**

in the High Strain Dynamic Pile Testing examination, comprising:

Part A – “Data Acquisition for high-strain dynamic pile tests” and  
Part B – “Data Interpretation for high-strain dynamic pile tests”

Date of Examination:

March 10, 2010

Certificate expiry date:

December 31, 2011

Dr. Julian P. Seidel - Managing Director, Foundation QA Pty. Ltd.

Certificate issue date: January 24, 2011

This certificate is based on the results of the holder in examinations developed to assess general knowledge in data acquisition and interpretation of high strain dynamic pile testing. The ability of the holder to provide appropriate advice on any specific project is not implied or warranted. PDA Testers with Provisional, Basic or Intermediate status are encouraged to seek review from PDA Signatories with Advanced, Master or Expert status.
