

## **New GRL Office**

GRL Engineers, Inc., announces the opening of its new Los Angeles, CA office at

23638 Magic Mountain Parkway, Suite 314  
Valencia, CA 91355

Phone: 661-259-2977  
Fax: 661-259-2987  
camilo@pile.com

Mr. Camilo Alvarez, formerly from GRL Florida, will be the office manager and lead engineer. This office will meet the growing foundation testing needs of the West Coast market.

GRL is a consulting firm specializing in testing and analysis of deep foundations, offering Dynamic Load Testing (Conventional, Remote and APPLE), Dynamic Pile Monitoring (Conventional and Remote) Integrity Testing (Pulse Echo and Crosshole Sonic Logging), Wave Equation Analysis of Piles, SPT and Becker Drill Energy Measurements and Hammer Performance Analysis.

In addition to the new California office, the 30-year-old Ohio based company has offices in Pennsylvania, North Carolina, Florida, Colorado and Illinois. For more information visit [www.pile.com](http://www.pile.com).
