Mohamad Hussein, P.E., received the Florida Engineering Society's 2010 GMEC Award in recognition of outstanding service to the geotechnical and materials engineering profession. He is a vice president of GRL Engineers, Inc. and a partner in Pile Dynamics, Inc., and has been associated with dynamic testing and analysis methods and equipment of deep foundations for almost 30 years. Hussein holds the Foundation QAs Certification of Expert Level in dynamic pile testing. He has evaluated the foundations for more than 1000 projects throughout the world, and has published more than 80 technical papers, and co-edited 7 books.
