December 8, 2022

Time:
11:00am EST, USA
2-hour duration each
day

Integrity Testing of Concrete Foundations by Low Strain Dynamic Testing, Cross Hole Sonic Logging and Basic Principles of Thermal Integrity Profiling Webinar

Dates: December 6, 7 & 8, 2022

PIT and CSL Learning Objectives: \$300

At the conclusion of the webinar attendees will be able to:

- Compare and contrast each test method, based on advantages, best use and limitations
- Adequately prepare the foundation and select the equipment for an integrity test by PIT and CSL
- Correctly enter necessary input on test equipment
- Analyze field data with the appropriate software for both PIT and CSL Interpret the severity of flaws and defects pinpointed by the tests

TIP Learning Objectives: \$100

At the conclusion of the webinar attendees will be able to:

- Describe the basic principles of integrity evaluation using thermal measurements
- Collect data by various methods
- Evaluate eccentricity of cage alignment in the shaft
- Evaluate the measurements for local defects (in cross section or concrete quality)
- Describe the conversion process of temperature to effective shaft radius
- Recommended the time window for testing after casting concrete
- Compare and contrast the advantages of thermal measurements, conventional Cross Hole Sonic Logging (CSL) and Gamma-Gamma testing of drilled shafts

Who should attend:

Geotechnical, structural and construction engineers; testers, researchers and contractors interested in learning more about low strain dynamic foundation testing/ pile integrity testing or PIT), cross hole sonic logging (CSL), and thermal integrity profiling (TIP) techniques.

Certificate of Completion:

This program corresponds to 2 Professional Development Hours. A Certificate of Completion documenting the number of hours of instruction (PDH) will be provided to those that take a short quiz at the end of the webinar. Check with your engineering board of registration for their continuing education requirements.

Lecturer: Ryan Allin, P.E.,

Ryan a senior engineer and partner in GRL Engineers and Pile Dynamics. He has a BS in Civil Engineering from Cleveland State University and has achieved Expert level on the PDCA/PDI Dynamic Measurement and Analysis Proficiency Test. After several years performing the entire range of services offered by GRL throughout the United States and in international offshore projects, Ryan is currently responsible for all PDI's educational programs for foundation testing professionals. In that capacity he has lectured on numerous seminars, webinars and workshops on foundation testing and has co-authored papers on the subject. Ryan is a member of the American Society of Civil Engineers and a registered professional engineer in Ohio, Pennsylvania, West Virginia, Delaware and Kentucky.

PIT/CSL/TIP Webinar Registration Form

December 6, 7 & 8, 2022. beginning daily at 11:00 am New York EDT

Registration must be received on or before November 29, 2022

One registration is necessary for each "site", which requires internet access of one computer. To join the webinar session the Main Contact person will receive an email invitation with the GoToWebinar webinar login instructions along with PDF version of the presentation. **Site fee includes an unlimited number of participants and up to four Certificates of Completion. Additional certificates are \$10 each.**

Billing Address – (Please print or type)

Organization: _____

Address: _____

City: _____ State/Province: _____

Postal Code: _____ Country: _____

Phone: _____ Fax: _____ Email: _____ (Receives login instructions)

Shipping Address – (For certificate of completion)

Check if same as Billing Address

Organization: _____

Address: _____

City: _____ State/Province: _____

Postal Code: _____ Country: _____

Phone: _____ Fax: _____ Email: _____ (Receives login instructions)

Pre-Payment by credit card is required.

Number of Additional Certificates at \$10 Each ____ Total \$_____ (4 certificates included in fee)

We are registering for:

PIT and CSL Session on Nov 30 & Dec 1 \$300.00

TIP Session on Dec 2..... \$100.00

TOTAL \$ _____

I am pre-paying by: VISA MasterCard American Express Discover

Credit Card No: _____ Expiration Date: _____

Card's Billing Address: _____

Verification Code: ____ Signature: _____ Print Name: _____

Name of Participant(s). Must be registered and complete quiz to receive Certificate of Completion.

1. _____ 4. _____

2. _____ 5. _____

3. _____ 6. _____

Refund Policy: Cancellations are accepted only before the start of the first session of the Webinar, paid fee will be applied in full to future Webinar.
